RECOMMENDATION LETTER

To whom it may concern,

Alberto Abozaglo, Director of EUTech Engineers, confirms that **MAKSIM NIKITASHIN**, did an internship in Web Design in our company in Berlin, Germany, from 10/01/2022 till 11/03/2022.

During the internship **MAKSIM** designed webpages, improved images quality, designed footers, edited images. His working language was English, and he showed a good knowledge of this language.

He achieved the goals requested at the beginning of the internship. He also showed to have good technical knowledge gained in university, that were useful during his internship to professionally edit websites.

MAKSIM organized himself properly the different activities that the company assigned to him daily. He always met with deadlines, submitting on time the work. He was supportive and always adapted easily to changes inside the company. In general, the quality of his work was excellent and he showed to be a very responsible person.

For these reasons we strongly recommend **MAKSIM** for any position that fits his professional skills. We consider him an industrious person with the necessary abilities and knowledge to do a good work and to be a valuable member of your team.

In witness whereof the undersigned, being duly authorised thereto, have signed the present certificate.

GRAMMAR **B1**

You understand the relation between a series of interconnected elements linked to experiences, events, ambitions and plans.

VOCABULARY **B1**

You understand a fairly wide range of vocabulary linked to pertinent, everyday life topics and situations. This is enough to get by when travelling, working or socialising.

READING COMPREHENSION **B2**

You are able to understand articles and reports on contemporary problems in which the writers adopt a particular attitude or point of view.

LISTENING COMPREHENSION **B2**

You can understand the majority of TV and radio news programmes, as well as films and documentaries in standard speech. You can follow most general, clearly articulated exchanges between native speakers, even with some background interference.
